DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 25 January 2006 has been entered.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggest, "an optical element having a periodical structure in a one-dimensional direction, said optical element being interposed between said deflection mirror and said at least one lens element" as set forth in the claimed combination. Claims 2 and 3 are allowable based upon their dependence on claim 1.

The prior art of record teaches a transmission type illumination device for stereomicroscopes comprising a light source, a collector lens located on the exit side of the light source, a diffuser located on an exit side of the collector lens, a convex lens located on an exit side of the diffuser, a deflection mirror located on an exit side of said convex lens to change an optical axis of said light source and at least one lens element located on an exit side of the deflection mirror and nearest to a view surface side.

However, the prior art of record does not teach the placement of an optical element having a periodical structure in a one-dimensional direction between said deflection mirror and said at least one lens element nearest to a view surface side and there is no motivation or teaching to modify this difference as derived.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alessandro V. Amari whose telephone number is (571) 272-2306. The examiner can normally be reached on Monday-Friday 8:00 AM to 5:30 PM.
